**TO:**

### **Valentine's Day Recipe**

Spoil yourself (and someone else if you don't mind sharing) with this super simple chocolate tart.

#### **Ingredients**

For the filling

- 3½ oz good-quality white chocolate, broken into --- pieces
- 2½ oz good-quality dark chocolate, broken into pieces
- 9fl oz heavy cream
- 14oz raspberries
- Powdered sugar, for dusting

For the pastry:

Cheat and buy ready-made chocolate pastry shell

#### **Method**

Melt the white chocolate in a heatproof bowl, set over a saucepan of barely simmering water. Set the chocolate aside to cool.

Melt the dark chocolate in the same way, then, use a pastry brush to paint the inside of the tart shell with a layer of the chocolate. This will stop the pastry shell going soggy once it is filled with the creamy filling. Set the pastry shell aside until the chocolate has set.

Whip the cream stiffly. Fold the cooled white chocolate into the whipped cream. Crush half the raspberries and fold them through the cream mixture. Pile the filling into the pastry shell evenly. Decorate with the remaining raspberries, dust with icing sugar, and serve.

### **COMMUNITY REMINDERS**

It's been a very dry winter... The HOA's sprinkler system won't be turned on until late April. If you have a hose at your home it may be a good idea to **water those bushes and shrubs** nearby.

#### **The speed limit in the community street is 10 MPH!**

Many residents and visitors are observed racing down the street and this is an accident waiting to happen. Please be mindful of your neighbors and drive slowly.

**When a holiday falls on a weekday trash collection will be delayed one day until Saturday. Trash and Recycle bins must be at the end of your Driveway by 7am for pickup.**

Remember that **visitor parking spots are for guests** and not for regular use by residents.

Considering a change to the exterior of your home like changing out your door or modifying your deck? Remember that **all exterior changes require pre-approval from the HOA**.
